April 2015 - April 2016	SSLC, SMBMNP MATRIC HIGHER SECONDARY SCHOOL 97.8%	Dindigul- 624005, India

SKILLS

Java (Core)	JavaScript
HTML	CSS
MongoDB	React JS
Git	SQL

PROJECTS

File Explorer UI

- Designed an intuitive user interface with Material UI components for a seamless user experience.
- Implemented a hierarchical file structure using tree data structures for efficient file organization.
- Utilized a Depth-First Search (DFS) algorithm with recursion for file search and traversal, enabling quick access to files and directories, as well as efficient insert, rename, and delete operations within the file structure.

Tech Stack: React, Material UI, DFS Algorithm, Tree Data Structures, JavaScript

Fiverr Clone - Freelance Marketplace Prototype

- Created user profiles for buyers and sellers, allowing users to register, log in, and manage their accounts.
- Implemented a listing system where sellers can post their services, and buyers can browse and purchase them.
- Integrated a secure payment system, facilitating financial transactions between buyers and sellers.
- Developed a review and rating system to build trust and reputation within the platform.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, Stripe

ORGANISATIONS

IMATH Club, Coordinator

- Promoted math skills through events and webinars.
- Fostered skills, leadership qualities, and participation among students.

YUVA Club

- Contributed to youth leadership development and nation-building.
- Engaged in skilling and training of youth.

INTERESTS

POWER LIFTER, BODY BUILDING ATHLETE, CONTENT CREATION, READING BOOKS
